

**The following rule were transcribed from the sign placed at
Northside RC Airpark
By the City of Tyler's Parks and Recreation Department
pursuant to the Use Agreement of December 2006 between
The City of Tyler Texas
and
the Texas Unlimited Fun Flyers and the Tyler Modelers Club**

**Flying Rules For
North Side Park**

1. All pilots must be current members of the AMA and Fly in accordance with all applicable AMA, Parks and Recreation and City of Tyler rules and regulations. The only exception to this rule is for "Park Flyers" which are airplanes weighing two pounds or less and are electric powered.
2. Utilization of the frequency board is required at all times. Place your current AMA card or a copy below frequency under of the tag you remove, then replace tag and retrieve your AMA card when you finish. "Park Flyers" without an AMA card must provide some form of identification.
3. After landing pilots must not intentionally taxi into the pit area.
4. Pilots must not intentionally fly outside the Park perimeter.
5. Engines may not be started or run under the shelter area.
6. After take-off, subsequent flight is to be conducted east of the line of sprinklers on the west side of the runway.
